"Good evening. We have just received a two-part message from the Baptist Consulate in Curitiba, forwarded from believers in Ani Niacos Province. They ask that fellow Christians be reminded of God's challenge to all believers. Your assignment is to rearrange the letters in the key words, drawn from today's Bible study passage, and then use the accompanying numbers to decrypt the message. Our decoding staff is unavailable—they're currently occupied with two-a-day middle school band practice. We now turn the assignment over to you. And that's the way it is."
