## Discuss

- Brainstorm on naming the places in your home where you admit to having clutter, disorder, and untidiness. What kinds of things do you see?
- Now think about what kinds of things you realize that clutter our minds. How can our thinking become littered with useless thoughts or attitudes?
- Now read Paul's application of these ideas.

## Discuss and Pray

- Make two lists - list the things Paul says to get rid of in your life and another list of things that should take their place
- Pray that God will help you confess and repent of those things which “clutter” your spiritual life.
- Ask God to work in your life to demonstrate those qualities that Paul says to “clothe yourself” with.
