The sports attaché from our embassy in Kisvalmarzbely was passed this message in the rain at a crowd at a soccer match. Spiros the spy recognized to code and passed it on to his decoding team, but they are busy marching in a band festival. So, it's up to you. Spiros has provided the key and the "Hello World" sample to show you how it works. Forward the decoded message to your youth pastor

Π Ο Ε Ε Ε ∨ Ε Γ Ε Γ = HELLO WORLD
