

Thinking About Going Out

Phil is fearful and has apprehensions about sharing the gospel with someone else. Maybe you feel the same way. How could you pray for him and others like him? How could you be praying about your own misgivings?

Sue is a construction worker and a single gal who lives in a condo. Suggest to her people in her relational circle to whom she might share the gospel. Think of *your own* circle of acquaintances. Who among them does not yet believe the good news about Jesus?

This looks like a varied group of people from a typical Bible Study Small Group. Brainstorm with them some practical ways in which they (and your group) can go out and serve others and engage people with the love of Jesus.
