This word of encouragement comes to us from a humble church, situated upon the border that once marked the division of our nation. By an untimely and wayward storm, certain letters have been cast down and disordered among their columns, and the civil authorities, not yet restored to their proper function, are unable to render aid. Therefore, we earnestly appeal to all who are able, that they might give their attention to this matter, and, in so doing, fix our hearts and minds upon the power and sovereign authority of Almighty God in these uncertain times.
