

The Testimony of John the Baptist

Double Puzzle

Good morning. Your mission, should you choose to accept it, involves two coded message scripts transmitted independently from a covert house church operating inside the Middle Eastern protectorate of Jithecoast. Both were delivered to the Baptist Consulate in Constantinople under deep cover. The senders claim direct descent from John the Baptist and insist their lineage carries not just blood, but a truth meant to be shared beyond their borders. Your task is to recover that message. The scrambled key words are drawn from John 1:19-34 (NIV). Reassemble the letters, then use the numerical markers to decode their full meaning. When the message is clear, pass it to your outreach committee without delay. > As always, should you or any member of that church be compromised, this organization will disavow all knowledge of your actions.

This tape will self-destruct.
