The Benefits of Worship

Double Puzzle

Clue words are taken from Psalm 63:1 – 11 (NIV)

The consulate of Puqazam has delivered to us this two part message. A Christian believer took great risk to have them smuggled in to our people. The groups of scrambled letters on the right are words from our Bible passage. Once they are in order, you have the numbers from the message where those letters go. When you decrypt the message forward it to your worship pastor.
