

The Sign of His Light Cryptogram Puzzle

This stone was discovered in an archeological dig on the Island of Lahe Urari. On the other side of the island, what appears to be a key to the message. Both appear to come from the 18th century. Those involved in the research are atheists and do not believe it to be of any significance. Use the key and note how the code works by observing the "HELLO WORLD" example. Help us out. We at the Lahe Urari mission board want to share it locally.
