Don't tell the Word Search Lady, but we've used her format to communicate messages to the church in the country of Waltaibujerat. There's a hidden message *between* the above words you must find in the grid. As usual, they go up, down, left, right, and diagonal. The remaining letters contain the message. It will read left to right from the top down. Use the blanks at the left to record this message from Billy Graham.
