Humph ... done with the quarantine. It gave me the *blues*. At least I got all those book reports graded. Where was YOURS? Well, anyway, you've got to find these words in the grid. If you've done your lesson, you know they're from the first 8 verses of Ps. 31. However, unlike in the psalm, these words go all up, down, left, right, and diagonal. Humph! These are important words ... get to it. And wear your mask!
