Once again, our secret message has had slippage problems. The diplomatic bag from our consulate in Xiri Slokav got soaked in the rain and letters slid off, straight down the paper. Our interpreters are off on a junior high fall church retreat. We need you to reconstruct the message. Some columns are easy with only one letter there. Then check out the two and three letter words. Figure out which letters below make reasonable words. When you are successful in finishing the message, pass it along to your Senior Pastor.
