Here's an important statement I made about the resurrection. But it was so long ago, the letters fell off ... straight down. Replacing some letters should be easy to figure out, like where there's only one blank in that column. Look for two or three letter words and figure what two or three letters in those columns make a sensible word. If you know who I am, that's also a clue. My name was there with the other words. Watch out for punctuation marks also.
